

Vol 3, No. 1 May 2009

DFI JOURNAL

The Journal of the Deep Foundations Institute

PAPERS:

- Evaluating Axial Elastic Pile Response from Cone Penetration Tests (The 2009 Michael W. O'Neill Lecture) – Paul W. Mayne, Fawad S. Niazi [3]**
- Test Pile Program To Determine Axial Capacity And Pile Setup For The Biloxi Bay Bridge – W. Robert Thompson, III, P.E., Lloyd Held, P.E., Steven Saye, P.E. [13]**
- Reduction of Local Scour around Cylindrical Bridge Piers Using Upstream Protective Piles – Dr. S. Basack, Dr. A. K. Bhattacharya [23]**
- Soil Inclusions in Jet Grout Columns – Timothy D. Stark, Paul J. Axtell, Justin R. Lewis, John C. Dillon, William B. Empson, Joseph E. Topi, Francke C. Walberg [33]**
- Effect of Pressurized Drilling Methods on the Lateral Load Capacity of Drilled Shafts – A Practical Insight and an Analytical Approach – Dr. Özgür Bezin [45]**
- Development of Design Practice for Piles in Stiff Glacial Till – Kenneth Gavin [57]**

Deep Foundations Institute is the Industry Association of Individuals and Organizations Dedicated to Quality and Economy in the Design and Construction of Deep Foundations.

Vol 3, No. 2 November 2009

DFI JOURNAL

The Journal of the Deep Foundations Institute

PAPERS:

Suction Piles and Suction Anchors for Offshore Structures – Sangchul Bang, K.D. Jones, Y. Cho, D.J. Kwag [3]

Characterization of Loess for Deep Foundations – Robert L. Parsons, Rebecca M. Johnson, Dan A. Brown, S. Dapp, James J. Brennan [14]

Uncertainty and Bias in Evaluation of LRFD Ultimate Limit State for Axially Loaded Driven Piles – James A. Schneider [25]

Lateral Performance of Two-Section Helical Piles in Soft Soils – Mohammed Sakr [37]

A Case Study of Passive Piles Failure in Open Excavation – Sein Ti Kok, B.B.K. Huat, Jamaloddin Noorzaie, Mohd Saleh Jaafar, S.S. Gue [49]

A Comparison of Open Drilled Shafts to Temporarily Cased Drilled Shafts in Clay Soil – W. Tom Witherspoon [57]

TECHNICAL NOTE

Evolution of Top of Pile Measurement Techniques in Deep Foundation Static Load Testing – Jon Sinnreich, Robert C. Simpson [65]

Deep Foundations Institute is the Industry Association of Individuals and Organizations Dedicated to Quality and Economy in the Design and Construction of Deep Foundations.
