PAPERS:

Reduction of Local Scour around Cylindrical Bridge Piers Using Upstream Protective Piles – Dr. S. Basack, Dr. A. K. Bhattacharya [23]

Effect of Pressurized Drilling Methods on the Lateral Load Capacity of Drilled Shafts – A Practical Insight and an Analytical Approach – Dr. Özgür Bezgin [45]

Development of Design Practice for Piles in Stiff Glacial Till – Kenneth Gavin [57]

PAPERS:

Suction Piles and Suction Anchors for Offshore Structures – Sangchul Bang, K.D. Jones, Y. Cho, D.J. Kwag [3]

Uncertainty and Bias in Evaluation of LRFD Ultimate Limit State for Axially Loaded Driven Piles – James A. Schneider [25]

Lateral Performance of Two-Section Helical Piles in Soft Soils – Mohammed Sakr [37]

A Case Study of Passive Piles Failure in Open Excavation – Sein Ti Kok, B.B.K. Huat, Jamaloddin Noorzaei, Mohd Saleh Jaafar, S.S. Gue [49]

A Comparison of Open Drilled Shafts to Temporarily Cased Drilled Shafts in Clay Soil – W. Tom Witherspoon [57]

TECHNICAL NOTE
