

The Deep Foundations Institute's
Augered Cast-In-Place Pile Committee
Specialty Seminar: Augered Cast-In-Place Piles

Friday, June 22, 2007
The Westin Colonnade Coral Gables
Coral Gables, Florida

Table of Contents

Design of Augered Cast-in-Place (ACIP) Piles	1
<i>Carlos H. Ortiz, P.E., Langan Engineering & Environmental Services</i>	
Installation of Augered Cast-in-Place Piles.....	13
<i>Jason Fox, Berkel & Company Contractors</i>	
Augered Cast-in-Place Pile Inspector's Video Acknowledgements.....	31
<i>Chris D. Shewmaker, Richard Goettle, Inc.</i>	
Augered Cast-in-Place (ACIP) and Drilled Displacement (DD) Pile Quality Control.....	35
<i>Kirk A. McIntosh, P.E., MACTEC Engineering & Consulting Inc.</i>	
First Multi-Level O-Cell Test of Augered-Cast-In-Place Piles.....	89
<i>Andres Baquerizo and Edwin W. Hickey, HJ Foundation Inc.; John Hayes, Loadtest, Inc.</i>	
Everglades on the Bay: Augered Cast-in-Place Piles Case History.....	111
<i>Douglas J. Keller, Richard Goettle, Inc.</i>	
Bayside Power Plant, Tampa, Florida: A Case Study of DeWaal Drilled Displacement Piles.....	121
<i>Gordon King, Morris-Shea Bridge Company</i>	
Engineering Experiences with ACIP Piles in the Bahamas.....	131
<i>Matthew E. Meyer and Rudolph P. Frizzi, Langan Engineering and Environmental Services</i>
