

THE GEOTECHNICAL ENGINEERING SUMMIT, IN PARTNERSHIP WITH DEEP FOUNDATIONS INSTITUTE

The Geotechnical Engineering Summit, in partnership with Deep Foundations Institute, will be part of The Big Heavy 25-28 November 2019, the Middle East region's largest heavy construction event. The summit will take place on the 25 November 2019, from 11:30 - 16:30 and will cover the important topics in the Geotechnical industry, including:

Title: Geotechnical Engineering in Challenging Applications

- Ground Improvement
- Deep Foundations / Excavations
- Ground Characterization
- Analysis & Numerical Modelling

KEY BENEFITS FOR SPEAKERS INCLUDE:

- Raise your profile and credibility by sharing your expertise at the largest heavy construction show in the Middle East

- Present your technical expertise and gain exposure through PR, media and marketing support

- Priority seating at the conference, access to VIP facilities and recognition through a personalised speaker certificate

**To apply to become a speaker, submit abstract at www.dfi.org/Big5-2019
Deadline: Friday, October 18, 2019**
