Submission Deadline: Friday, September 24, 2021
Submit 300-word abstracts at www.dfi.org/SuperPile2022 or scan the QR code.

Technical committees of DFI and ADSC are combining their industry expertise to organize DFI SuperPile'22. This three-day event will include presentations on the latest developments in piling foundations. Invited and selected presentations will highlight advancements, innovations, and challenges in design and construction of deep foundations. Presentations that highlight design approaches for foundation optimization, innovative approaches to foundation construction, and case histories/topics relevant to the Mid-West region are encouraged.

Panel discussions on current topics will provide attendees opportunities to share new ideas and industry experience. Equipment, material and instrumentation suppliers, contractors, engineers, and other vendors will present their services in our Exhibit Hall.

Presentation Themes
DFI is soliciting presentations for SuperPile’22 on:
- Augered Cast-in-Place and Drilled Displacement Piles
- Drilled Shafts
- Driven Piles
- Helical Piles and Tiebacks
- Marine Foundations
- Micropiles
- Seismic and Lateral Loads
- Testing and Evaluation

Topics and case histories, including (but not limited to):
- Innovations and advancements in deep foundation design and installation
- Designing and constructing safely and effectively in urban environments
- Foundations in karst and erodible sedimentary bedrock
- Corrosion of buried structures
- Instrumentation, load testing, monitoring
- Alternative procurement methods and early contractor involvement
- Designing for resiliency under extreme or unexpected loading conditions (inclement weather, flooding, scour, seismic, liquefaction, lateral spreading)
- Re-use of foundations and other sustainable design approaches
- Piles and secant walls for access to deep tunnels
- Foundation optimization through risk management (geotechnical, contractual, communication risks)
- Working platforms

Important Dates:
Abstract submission deadline: Friday, September 24, 2021
Abstract notifications of acceptance: Friday, January 14, 2022
PowerPoint presentations due: Friday, May 20, 2022
